

Do you care about the health of your community?

Rural Health Projects of NW Ok is looking for a few great workers to help us combat vaccine hesitancy in our rural underserved communities.

Ideal candidates will interact with high-risk, vulnerable, or uninsured individuals from underrepresented backgrounds and varied ethnicities. Candidates should be Spanish-speaking or familiar with other native language(s) and cultures in their community area. Understanding and sensitivity regarding challenges facing low-income communities. Ability to flourish in a team system that supports equity and inclusion. This is a temporary grant based 11 month position.

Minimum qualifications include: • Covid-19 Vaccinated • Must reside in Alfalfa, Blaine, Kay, Kingfisher, Grant, Logan, Major, Noble, Payne, or Woodward. • CNA or similar; computer proficiency; ability to work remotely, (tablet with wifi/cell capability will be provided) In return for accepting this short-term CHW position, candidates will have experience in an emerging health career and will have met many training qualifications to apply for other Community Health Worker positions. RHP is offering benefits and competitive pay for these temporary positions.
